

Proven protection against venomous snake bites

Developed in Australia — home of some of the World's Deadliest Snakes

Price:

SnakeProtex™ durable and lightweight gaiters are scientifically proven to protect the wearer from the world's most venomous snakes.

Sporting a range of features such as adjustable boot straps allowing for a better fit amongst a larger range of different boots and shoes, adjustable top leg straps allowing for a firmer, closer, and safer fit, SnakeProtex™ Extreme gaiters are now more versatile than ever.

- Light weight with tough 900 weight Denier Outer
- Four layers of Puncture Resistant nylon fabric over a Waterproof Membrane
- Soft Polyester Cotton Fabric Lining

Size	Stock Code	Previous Sizing	Circumference at Knee	Length	To fit leg Circumference*
